SORRY, MAC!

I was excited about your special Free CD-ROM in issue #350. But when I tried it, I was disappointed to find out it was DOS and Windows only! Not all of your readers are computer geeks...some of us use Macintoshes! Fa!

Timothy Arends
Hobart, IN

Tim — We understand your disappointment — Unfortunately, we could only produce one version of the disc and IBM dominates! Remember, the songs on the CD-ROM can be played on any audio CD player...just don't write in and tell us you're one of those loyal B-track guys! —Ed.

You gotta be kidding me! Who would actually spend their 15 free hours of America Online on MAD? Not me or hopefully any other idiot out there!

AWells0925@aol.com

Good one, dude! —Ed.com

YOU GO, GIRL!

Thank you for printing my letter in MAD #351 under the headline "This Lady Writes to MAD..." There's only one problem...I'm a man!!! Oh, the humiliation! My always suspicious girlfriend has left me, I've been kicked off of my softball team, and my neighbor Larry now looks at me in a beguiling fashion. I'll give you two options on rectifying this situation: A free subscription or pay for my operation, counseling, relocation and new wardrobe!

MR. Tracy K. Lorenz
Grand Haven, MI

Okay, we'll take the latter of your options — the operating, counseling, relocation and new wardrobe! Upon your return to the states, show up at our offices with an itemized bill and proof in hand! —Ed.

MAD CELEBRITY SNAPS

This issue, Celebrity Snaps goes to Washington! On the left, Ryan Reynolds of Bridgeport, MI turns a chance meeting with Missouri Congressman and Non-Speaker of the House Richard Gephardt into a free three-year subscription! On the right, Kendra Levin of Marblehead, MA wins the same with Iowa Senator Tom Harkin, with whom she says she will agree to split her free MAD issues! Send us a photo of yourself and a famous celebrity holding MAD and if we print it, you win! Now, why aren't any Republicans posing? We want to know!

YANKEES GO HOMER!

A prophetic "marginal" by Sergio Aragones appeared on page 18 of MAD Collector's Series #1. It reminds me of one of the most memorable catches in the history of Major League Baseball, in game one of the 1996 American League Championship Series.

Bob Van Winkle
Peoria, IL

Bobby Van — Now imagine if Sergio doesn't draw this marginal, or young fan Jeff Maier doesn't read MAD, so he isn't inspired to go to the championship game, doesn't make the fateful catch, and Baltimore wins in four! Note to Yankees owner George Steinbrenner: for his crucial role in your team going all the way, you can send Sergio's World Series ring to our New York office. (Be sure to send it before you move the team so postage won't cost you as much!) —Ed.

AP/WIDE WORLD PHOTOS

Holy cow! Life imitates MAD art: Sergio's marginal (which originally appeared in issue #150, April '79!) and Jeff Maier's catch at Yankee Stadium! Coincidence?

TOMATOES DEPARTMENT

COMPLAINT'S THE THING

I swear, you dumbasses are so stupid sometimes it's scary. Issue #350 is the worst MAD I've ever read. First, you insulted Courtney Love-Cobain. She doesn't do drugs anymore; she's an alcoholic and she smokes (cigarettes, not dope, stupid). Then you made fun of MTV's *Singled Out*. People of the younger generation happen to like that show, even if it isn't as good as *Beavis and Butt-head*. But the worst, I mean the WORST thing was in "You're Their Biggest Fan...But You Just Might be a Stalker if." You misquoted the Oasis song *Champagne Supernova*. It's not "Caught BETWEEN a landslide," it's "Caught BENEATH a landslide." There's a big difference. Next time you want to copy a song, buy the CD and look at the words, you fools! Oh, and have a nice day?

Amanda Cochran
Bramwell, WV

Mandy — Thanks for your letter! It's the perfect way for us to introduce a new letters page feature: The MAD Crystal Balls (we have a spare)! Let's see...what does the future hold for you? Is Amanda going to be a brain surgeon? Reply hazy. Is Amanda going to be a rocket scientist? Doesn't look good. How about at least a gym teacher? Nope! Wait — the cloud is lifting — your future looks pink — mainly because your future can be summed up in three words — Mary Kay Cosmetics! Have a NICE day! —Ed.

Trevor — Thanks for your letter explaining this photo. For a minute, we were afraid it was a press release from CBS announcing they were bringing back *The Hat Squad* to prime time! —Ed.

RON HOWARD'S END DEPT.

Not too long ago, a bunch of Hollywood producers got together to greenlight a big-budget thriller. The meeting went something like this: "Listen up, people! We got Rene Russo and Mel Gibson back together for the FIRST TIME since *Lethal Weapon III*! We've got Gary Sinise from *Forrest Gump* — only WITH LEGS! And we got Nick Nolte's whiny little kid locked up in a dingy house!!! We've got everything!" Yeah, everything except a decent screenplay! If even one of those jagoffs had actually bothered to read it, they would have seen this script is...

NGID

Why does Mel Gibson look so old and unattractive in this film?

It's Director Ron Howard's revenge for Gibson winning Best Director for *Braveheart* while Howard's *Apollo 13* wasn't even nominated!

I loved seeing Mel Gibson in a kilt, but I still think all of us have better legs!

Um, who are you ladies?

I'm Patrick Swayze!

I'm Wesley Snipes!

And I'm John Leguizamo! Remember us from *To Wong Foo, Thanks for Everything, Julie Newmar*?

Mo-om!!! I wanna go first! Now!!!

You'll have to excuse him, he's a little high-strung!

Yeah, I'd like to see him high-strung from that tree over there!

Honey, I can't find Sham!

I can't find him either! What can we do?

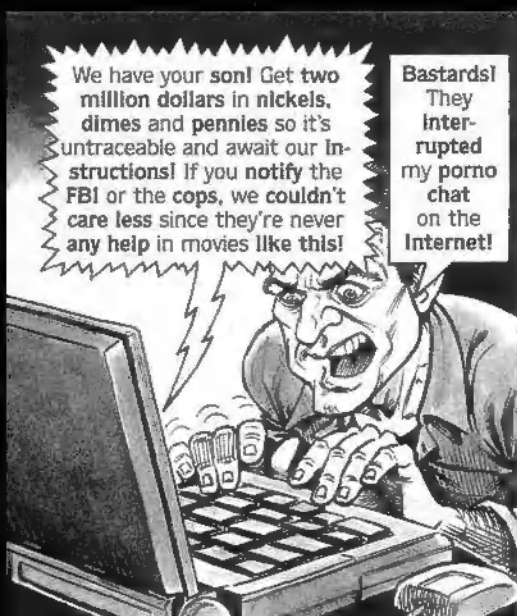

How about a quiet dinner for two and a movie?

I couldn't! All through the movie I'd worry about Sham!

That the boy might be lost?

That the little #@\$& might be found!

We have your son! Get two million dollars in nickels, dimes and pennies so it's untraceable and await our instructions! If you notify the FBI or the cops, we couldn't care less since they're never any help in movies like this!

Bastards! They interrupted my porno chat on the Internet!

We're using all the expertise of the FBI to get your son back!

Like you did when you screwed up the Atlanta Olympics bombing? Or the way you've been solving the TWA Flight 800 crash?

Hey, we got the Unabomber, didn't we?

Well, it took you guys long enough!

Be positive! Think of what a joyous homecoming it'll be when we bring him back!

Yeah, at the rate you're going, it'll be a nursing home-coming!

To hell with protecting our identity as kid-nappers! I'm taking off this kid's blindfold next time he has to use the toilet!

Next time you snatch a kid, snatch a change of underwear for him! Phew!

Yeah, he's starting to smell like parts of New Jersey!

Just let the FBI handle this!

Have you had much success in recovering kidnap victims?

Sure! But it doesn't happen overnight! It might take a week!

Really?

Yeah! One day, we recover an arm! The next day, a leg! Maybe the torso on the third day...

Has that flap about you bribing the union official blown over yet?

It will! I've got a lawyer who has loads of experience in covering up shady deals!

Who's your lawyer?

Hillary Clinton!

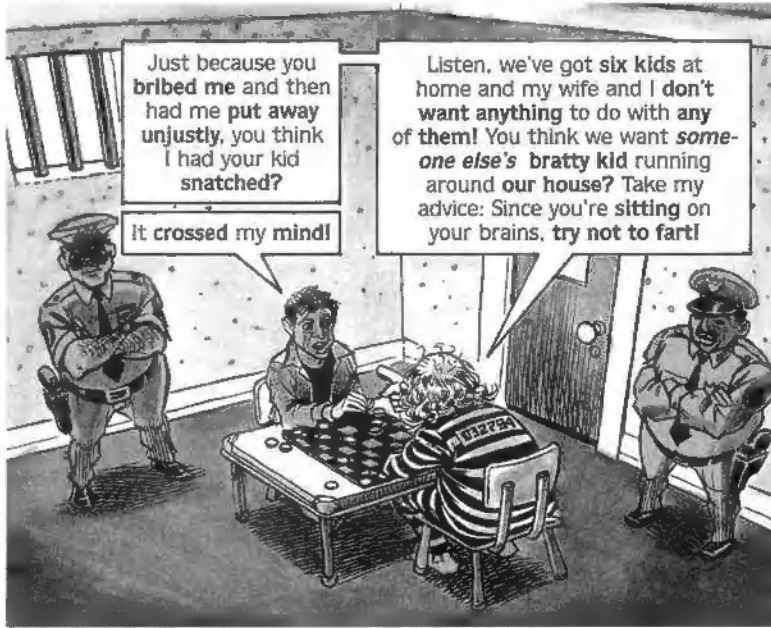

Hey, who redid the wall?

The kid!

Where'd he get the paint to polka dot it?

What paint? They're boogers he's been flicking for the past 10 days!

YECN!

SALUTING THE FLAB DEPT.

Hi, hi, hi! Fitness Guru Richard Simmons here! You know me for my annoying Deal-A-Meal commercials, embarrassing-to-watch Sweatin' To The Oldies videos and schtick-y David Letterman appearances that make Calvert DeForest seem like a great Shakespearean actor!

You may also have seen me last year in the news, when one of my, er, "friends" ballooned up to over 1,000 pounds and had to be rushed to the hospital through the knocked-down front wall of his living room!

How tragic and embarrassing! Not for him, for me! I have a reputation to uphold! One that depends on helping people to LOSE weight, not gain the equivalent of a Buick Skylark! So, how could he do such a rude and thoughtless thing, making me look so bad! Simple! Like so many super-porkers he just doesn't know better! Which is why I'm introducing...

Next spring, George Lucas is releasing a version of his *Star Wars* trilogy that boasts computer-enhanced graphics, digitally re-mastered sound and never-before-seen clips from all three movies! In other words, he's going to make the lightsabers orange instead of red, turn up the bass on the soundtrack and add three minutes scenes that should have stayed on the cutting room floor! Too bad, because Lucas had a golden opportunity to make the *Star Wars* trilogy much more *au courant*! - ***Stoppa-Da-Sneezein'®** should not be used to treat ACUTE symptoms. It is mildly effective on very mild symptoms, and 100% effective on no symptoms.
- ***Success Rate:** More than 90% of the 2% that survived till the end of the controlled clinical study reported that they experienced something.
- *42 patients were given **Stoppa-Da-Sneezein'®** and 42 patients were given a placebo. Some felt better and some didn't. Tests would have been more conclusive if we had kept track of who got the real pills and who got the placebo.

STOPPA-DA-SNEEZIN'®: WHAT YOU NEED TO KNOW

Before use: Check with your doctor and your pharmacist. Also, your pharmacist's doctor and your doctor's pharmacist. Boy, you'll be busy!

24-Hour Relief: Should occur over a 30-day period, averaging about 49 minutes of relief ■ day.

Drug Use and Dependence: There is no indication that *Stoppa-Da-Sneezein*® is addictive or habit forming. Scientists in our marketing department are now working to try to correct that.

Stoppa-Da-Sneezein® is not a substitute for other drugs. It IS however ■ substitute for MOP & GLO, Heavy Duty Lysol, WD-40 and Lo-Cal Cool Whip Topping.

This product is available ONLY by prescription. However some unscrupulous pharmacies have been known to sell it under the counter. For a list of unscrupulous pharmacies, please contact us.

This drug has been approved by the FDA (Fiendish Drug Administration).

Are there any side effects?

There are no known side effects, but your entire body may become numb, hot, cold, lukewarm and insensitive to pain. If you are able to drive nails into ■ cement wall with your forehead and not feel a stinging sensation, you might consider reducing the number of pills you're taking. **Body Shrinkage:** Fingernails and toenails may shrink and fall off. At the very least, they will become soft and may melt. Wear cheap socks while taking this drug. **Impairment of Fertility:** Studies with laboratory mice indicate no reduced sexual drive, therefore the patient should not experience any adverse reaction if he/she ■ sexually attracted ■ laboratory mice. **Adverse Reactions:** Nasal burning, bruising, irritation, redness, soreness, infection, and, in very few cases (less than 71%), complete blockage of oxygen to the brain. **Cardiovascular:** May cause heart to slow down, speed up, stop, reverse direction, palpitate, skip or relocate. In rare cases, heart will start to operate as a second liver. **Vision:** Blurry vision, watery eyes, conjunctivitis, peripheral edema and glaucoma can occur. If you experience temporary blindness while driving, pull over to the side of the road for ■ few minutes. If blindness persists, re-read product dosage instructions carefully. **Nervous System:** Paresthesia, confusion, hyperkinesia, hypertonia, vertigo and the desire to burrow underground and live in ■ hole are other possible side effects. Also Axolotl may occur. **Gastrointestinal:** Hysopedsia, abdominal pain, diarrhea, flatulence, constipation, vomiting, ulcerative stomatitis, aggravated tooth caries, gastritis, rectal hemorrhaging, hemorrhoids and melanoma may occur in "cry baby type" patients. **Hair:** May turn gray, curl, loosen, fall out, move, thicken, thin, recede or start growing on the inside of the scalp. Hair growing on the inside ■ not particularly harmful, but it will make shaving and haircuts slightly more difficult. **RHINITIS and IDIOPATHIC URTICARIA** can occur, but only people who know what these words mean need be concerned. **Blood Pressure:** This drug should not be taken by patients with high blood pressure or low blood pressure. Or normal blood pressure. There are no adverse effects for people with no blood pressure. **Dosage:** Two pills every four hours. If symptoms persist, try four pills every two hours. Don't take more than 48 pills in 181 hours 20 minutes, or at one time, unless of course *Stoppa-Da-Sneezein*® is near the end of its shelf life and you have to use it up quickly. **Interaction with Food and Other Drugs:** For best results we recommend you do not eat 24 hours before, or 24 hours after taking *Stoppa-Da-Sneezein*®. If you are taking other drugs, triple the recommended dosage of *Stoppa-Da-Sneezein*® so your body knows it's ■ there! **Explosion Hazard:** While recommended dosages are nonvolatile (in general), excessive use in ■ confined area near an open flame can result in a small explosion, estimated to be less than the equivalent of five sticks of dynamite, or 200 cherry bombs.

This is a brief copy of the side effects. For a copy of ALL the side effects, call 1-800-212-ACHOO and ask for publication SDS-a7, volumes 1 through 26.

SERVICE

Hey, idiot waiter! How about a little service in this dump?

I'm sorry, sir! What seems to be your problem?

You creeps are my problem! Here I am trying to make a good impression on this bimbo and you brainless wonders are spoiling everything!

MODERN POETRY

What was that you were saying to the baby, Rachelle?

Oh, you know, the "This Little Piggy" thing! Only a little updated...

This little piggy goes to the price club because the market prices are too high... This little piggy stayed home to avoid the bullets flying around the neighborhood... This little piggy stopped eating roast beef and other artery-clogging red meat...

This little piggy eats mostly vegetables, fruit, grains and low-fat food... And this little piggy ran all the way home to avoid the street gangs, drug pushers, and all the other slimy scuzzballs!

R SIDE OF...

JUSTICE

ARTIST AND WRITER: DAVE BERG

Some lawyer you are! You lost this case before it even started, thanks to your rotten jury selection! They're all nitwits!

How can you say that?

If any of them had a brain in their head they would've been able to get out of jury duty!

PRIVACY

ECONOMICS

I'm conducting a survey for my social studies class project! Where does your family fit on the financial ladder?

Well, judging by the way my mother complains about not being able to afford a new washing machine, I guess we're not high-income!

And hearing the way my father complains about how much it's costing to keep my brother in college and us not being qualified for any assistance programs would mean we're not a low-income family!

So put me down for middle-class!

CONSIDERATION

What could be more serious than a bad hair day?!

You sure stayed in the shower a long time! I hope this time you left some hot water for me!

Of course I did, Mitch!

You'll find it in a cup on the shelf next to the shampoo!

GUN LAWS

I tell you, this waiting period before they let you buy a gun is a pain in the butt!

They have to do in order to check out whether or not the person who's buying it is the criminal type! So did you fill out an application?

No way, pal! I stole it!

THE OFFICE

PLANNING

DOCTORS

Don't you hate when you walk into your video store and the movies are grouped into useless generic selections? By the stores' thinking, a classic like *The Silence of the Lambs* should be lumped in with the schlock like *Power Drill Maniacs*, under the all-encompassing category of "Horror"! Face it, video store shelves are organized about as well as the MAD offices — that is, not at all! The result: You pop your rental into the VCR and spend the night watching a lousy movie! You feel suckered! You feel duped! Dontcha wish video stores would find a way to tell you exactly what you're gonna get? Maybe one day, ■ a happier time, we'll have...

THE HARROWING HARPIST HAPPENSTANCE

TOYS 'R' BUST DEPARTMENT

When a filmmaker like George Lucas sets out to create a work that will bear his name, he has but one lofty goal, one higher plane he hopes to reach — making money! And lots of it! It's no surprise that ■ businessman like ol' George figured out that as good as his three *Star Wars* flicks were, the real dough is in the toys! So he licensed playsets and action figures that hop off the shelf faster than you can say "Mommy, I wanna Wookiee." But for every successful Millennium Falcon or Death Star toy, there were the lesser-knowns, the also-rans, the unwanted merchandising items like these...

STAR WARS PLAYSETS

YOU MAY HAVE MISSED

ARTIST: JAMES WARHOLA

WRITER: DAVID SHAYNE

STAR WARS: THE FINAL FRONTIER

At first blush, it seemed like a good idea: combine the two most popular science fiction franchises in motion picture history — *Star Wars* and *Star Trek* — to create the ultimate toy spaceship, the Millennium Enterprise. But bringing these two unrelated universes together only confused and frustrated kids! Who commands the ship, they asked, Luke or Kirk? Is that load of blubber in Sick

Bay Jabba the Hutt or Scotty? Is that Kirk's real hair, or is Chewbacca shedding again? Who knows? Who cares? Certainly not the toy-buying public, which avoided this plastic monstrosity like a lice-infested Ewok!

THE DIZZY DROID DRAG CANTINA

Saving the galaxy ain't exactly ■ spacewalk in the park — just ask Luke Skywalker! Between getting his hand cut off (by his own father no less) and finding out that the woman he loves is his sister, Luke has a couple of emotional skeletons in his closet that he needs to let out from time ■ time. So where does ■ frustrated Jedi Knight head to cut loose? To the Dizzy Droid, the Empire's only "alternative" watering hole. At this intergalactic drag bar, Luke can put away his drab pilot duds, throw on his best Versace floor-length Wookiee fur coat, and have ■ drink with other "space" explorers! Based on a *Star Wars* scene left on the cutting room floor, this playset includes four bonus figures: the Extraterrestrial Village People.

AL'S IMPERIAL JIFFY LUBE AND GARAGE

Meet Al Mertzer, Mechanic to the Empire. This poor action figure has the unenviable task of doing all the unpleasant-but-necessary dirty work that keeps a galaxy running! From scraping the corpses of Rebel pilots off the feet of an Imperial AT-AT Walker to cleaning up TIE Fighters whose pilots couldn't quite stomach the jump to Hyperspace, Al's done it all at his garage. Playset features a working turbo lift, lube station and landspeeder bay. Deluxe set also includes three action figures: Al, Hank-G48 and Fred-bot, Al's two drunken assistant mechanics, with real cursing action!

CHEWBACCA'S INTERGALACTIC FUR HUT

The au courant Wookiee or Ewok in search of a hip, new image need look no further than this trendy salon in the heart of the Empire's fashion district. From Milan to Alderaan, Chewie's head stylist Tonytron (known to his friends as the Jedi Master of Haircuts) travels the galaxy ■ hire haircutters who know the latest in body-hair braiding and mane styling. French Poodle cuts, David Schwimmer-style Caesars or Tonytron's special, the Grand Coif Tarkin — they're all available at Chewbacca's Intergalactic Fur Hut! Combination lightsaber/hair clippers not included.

YODA'S SWINGIN' PAD

Sure, in *The Empire Strikes Back*, Yoda lived in a dingy swamp, but when he isn't training Luke how to kick some stormtrooper ass, Yoda likes to chill somewhere a little more chic than a slimy, bug-infested mudhole. And that somewhere is Yoda's Swingin' Pad, the kind of laid-back bachelor apartment where a three-foot, 900-year-old muppet can entertain the ladies in style. With Yoda's Swingin' Pad, kids will learn how to woo the babes — and they'll love playing with Yoda's margarita mixer, mirrored bed and an actual, working condom machine! As the Jedi Master himself says, "A special way I have with the ladies!"

JABBA THE HUTT'S BATHROOM

After sitting around all day eating that greasy Tatooine food, where in the palace does Jabba go to ease his 30' colon? The "throne room," of course! Technicians from Industrial Light and Magic spent months digitizing the seven realistic bathroom noises this playset makes, such as the sound of Jabba after he's had a little too much bran. Set includes intergalactic toilet with real Hyperspace flusher! Stormtrooper Washroom Attendant and Janitor figures with gas masks sold separately.

BEHIND THE ANIMATE BALL (YOU SAID "BALL" HEH-HEH, HEH-HEH) DEPT.

Huh-huh! They've done TV! Heh-heh-heh! They've done books! Heh-heh-hmm-heh! They've done CDs! Huh-huh-huh! And now they've moved ■ the world of film! Sure, you can criticize them, but they've already got as many Emmys and Susan Lucci, as many Pulitzer Prizes as Maya Angelou, as many Grammys as the Rolling Stones and as many Oscars as Ron Howard! It won't take many more "heh-heh's" before...

BEAVIS AND BUTT-HEAD GO HOLLYWOOD

ARTIST: DAVID MANAK WRITER: DESMOND DEVLIN

DECEMBER 20, 1996

The premiere of *Beavis and Butt-head Do America* is spoiled when Butt-head uses the sweeping floodlights to make ■ silhouette of his thingy in the sky.

FEBRUARY 10, 1997

To fit in with the Hollywood community, Beavis gets his inflatable woman breast implants.

APRIL 2, 1997

Thanks to the newly-created category of "Best Supporting Asswipe," Beavis is nominated for an Academy Award. He loses to Chris Farley.

SEPTEMBER 8, 1997

Just days after purchasing his \$3 million cliffside estate, an earthquake measuring 5.2 on the Richter Scale sends Butt-head's uninsured investment crashing into the sea below. It's "cool."

OCTOBER 2, 1997

Beavis storms off the set of their second film, *Beavis and Butt-head Still Suck*, citing "insurmountable creative differences between a vibrant artiste and a pack of philistines." The dispute is amicably resolved within 48 hours, when producers allow their star to ad lib "butt-munch" instead of "dillhole" whenever he enters his "personal acting zone."

NOVEMBER 1997

The pair's performance in front of Mann's Chinese Theater nearly ends the 60-year tradition of immortalizing movie stars' body parts in concrete.

NOVEMBER 9, 1997

With the help of a jackhammer, Beavis is finally freed from his concrete square.

DECEMBER 5, 1997

So, Like, PLEASE GIVE MONEY SO
BEAVIS CAN GET A THINGY TRANSPLANT.

SHUT UP,
ASSMUNCH!

Although all the "good" diseases like cancer and muscular dystrophy have already been taken, the pair is proud to present the first annual fund-raising effort for a cause close to their own hearts: *The Small Wiener Telethon*.

DECEMBER 6, 1997

UH, I'D LIKE TO SPEAK
TO HUGH JORGAN,
PLEASE. HUH-HUH.

The *Small Wiener Telethon* falls far short of its cash-raising goal. This is primarily due to the fact that Beavis and Butt-head spend several hours making prank calls to the phone bank volunteers.

DECEMBER 23, 1997

QUALITY SUCKS!

Feeling trapped by narrow typecasting, Butt-head's first solo dramatic project is given ■ limited release. The tragic tale of an artist trapped in his own body, *My Left Nad* is neither a critical or commercial success.

CLICHÉ IT AIN'T SO DEPT.

If you want to know the meaning of "cliché," don't bother with a dictionary, go straight to your local bazillionplex! There are, on the big screen, clichés, as you've always seen them before, come to life in predictable, hackneyed scene after predictable hackneyed scene! There not one friggin' film maker, all of Hollywood who can give us something truly original, like these...

TRULY UNBELIEVABLE PLOT TWISTS IN

ACTION MOVIES

The hero notices that he's about to be trapped as soon as the huge remote-controlled metal door at the end of the hallway slams down. Running like he's never run before, the hero lunges forward so he can roll underneath...

...He almost makes it, too.

At the critical moment, FBI agents sweep onto the scene and announce that they are now in charge of the situation. Having had extensive experience in hostage negotiations...

...they do fine and local officials salute them for a job well done!

Two cops from opposite sides of the tracks find out that they've been assigned together. The badly mismatched pair spend half their time bickering and insulting each other...

...until the decision is made to split them up and find more suitable partners.

With split-seconds to spare, the hero leaps forward, just ahead of a tremendous explosion that sends him flying through the air...

...Painful skin grafts are later needed to repair the damage to his back.

From his hiding spot, the hero sees a row of guards pass by in single file. Waiting until just the right moment, he jumps out and knocks the last guard unconscious...

...However, the sound of the blow alerts the other guards, who turn around immediately and splatter his guts all over the lot.

Using the raw items available – some rubber tubing, an aerosol can and his shoelaces – the hero quickly fashions a rudimentary smoke bomb...

...The device fails miserably.

After successfully misdirecting one of the bad guys so he can conk him over the head and change clothing with him, the hero discovers...

...that the uniform doesn't even come close to fitting.

At first, the hero isn't very happy about working alongside a woman. But when crunch time comes, this member of the "weaker sex"...

...proves utterly useless and ineffectual.
